Subject: Verification and Certification of RoHS 5/6 Compliance

To Whom It May Concern:

This signed letter is Pericom's verification that the manufacturer part number(s) listed below in the RoHS 5/6 Compliant Products table are in compliance with the applicable provisions of the EU "RoHS" (Restrictions of Hazardous Substances) Directive 2002/95/EC

<input type="checkbox"/> 2.1 General Compliance Requirements Except for the specific applications listed in Section 2.3 exemptions below, does not contain RoHS restricted substances greater than: <i>Quantity limit of 0.1% (1000 PPM) for:</i> Lead (Pb), Mercury, Hexavalent Chromium, Polybrominated Biphenyls (PBB), Polybrominated Diphenyl Ethers (PBDE); and <i>Quantity limit of 0.01% (100 PPM) for: Cadmium</i>	<input checked="" type="checkbox"/> 2.2 Compliance For Certain Applications/Products Lead (Pb) is contained ONLY in solder (RoHS 5/6 compliant). Except for the specific applications listed in Section 2.3 exemptions below, does not contain RoHS restricted substances greater than: <i>Quantity limit of 0.1% (1000 PPM) for:</i> Mercury, Hexavalent Chromium, Polybrominated Biphenyls (PBB), Polybrominated Diphenyl Ethers (PBDE); and <i>Quantity limit of 0.01% (100 PPM) for: Cadmium</i>
---	---

<input type="checkbox"/> 2.3 Exemptions – applicable to Part Number(s): This part meets the specifications listed in 2.1, General Compliance, or 2.2, Compliance For Certain Server Products, above, as applicable, except for the following application specific exemptions: <input type="checkbox"/> Leaded glass used in electronic components. <input type="checkbox"/> Lead (Pb) in Aluminum Alloys (0.4% or 4000 PPM) or Copper Alloys (incl. bronzes, brasses, 4.0% or 40,000 PPM). <input type="checkbox"/> Lead (Pb) in high melting temperature type solders (i.e. tin lead solder alloys containing more than 85 % lead).

VERIFICATION and CERTIFICATION

By our signature below, we verify that all of the manufacturer part number(s) listed in this letter, or in the attached spreadsheet, and marked compliant with sections 2.1 or 2.2 and 2.3 above, are in compliance with the applicable provisions of the EU "RoHS" (Restrictions of Hazardous Substances) Directive 2002/95/EC
